Staying awesome! Ryan was very helpful and always answered questions in a way that didn't make you feel stupid - plus his t-shirts + mason jars are pretty excellent

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

It was very helpful to learn the techniques we went over for budgeting and financial analysis. It has already helped in my current job.

What aspects of this class contributed most to your learning?

Learning to make a budget and analyze financial statements has truly been enlightening.

What aspects of this class detracted from your learning?

Everything seemed rushed. We flew through class exercises that would have benefited from a little more thoughtful preparation in regards to timing.

What suggestions do you have for improving the class?

If we have a quiz section devoted to our group projects actually allow the groups to meet. For the second group project we did this but the first one with the Q/A was not a good use of time. See comments in section above.

Was this class intellectually stimulating? Did it stretch your thinking?

☒ Yes

☐ No

Why or why not?

The questions on the handouts stretched my thinking because we went through each possible answer and analyzed why it would or would not be correct, rather than just stating the correct answer.

What aspects of this class contributed most to your learning?

The work and guidelines given about the ~~Olmsstead~~ Olmsstead project.

What aspects of this class detracted from your learning?

Not having more time to work with my group in section and ask questions as a group.

What suggestions do you have for improving the class?

Sometimes I felt we didn't have enough time at the end for the quiz (aka 5min left instead of 10min) which cut into the 10 min break before lecture if the quiz took 10 min. Please leave 10min for the quiz because the 10min break is important before 3 hour lecture.
